THOMAS TRUNDLE

PRE-ASSEMBLY:

- Remove all parts and hardware from the box and lay out on a clear carpeted or scratch-free work surface, as this will avoid damaging parts during assembly. The shipping box provides an ideal work surface. Do not dispose of any contents until assembly is completed to avoid accidentally discarding small parts or hardware.
- Two adults recommended for ease of assembly.
- Use the parts and hardware lists to identify and separate each of the pieces included prior to starting assembly.
- The illustrations provided allow for easier assembly when used in conjunction with the assembly instructions.
- Note: Do not fully tighten all bolts until all parts are in place. Failure to follow these instructions may cause the bolts to misalign during assembly.
- If using power tools to aid in assembly please use caution. Power tools can damage hardware or split wood.
