Instructions

1. Use the flower petal template to cut out a row of crepe paper petals.
2. With matching thread, sew a running stitch between the flowers using the two dots as a reference.
3. Gather the combined petals to form a flower and insert a piece of floral wire through the bottom.
4. Use floral tape to cover the wire and attach the bottom of the flower to the wire.
5. Attach the leaves to the stem with hot glue.
