hoodless bassinet

WARNING – Failure to follow these warnings and instructions

could result in serious injury or death:

FALL HAZARD – To help prevent falls, stop using this product when the infant can roll over, push up on hands and knees or sit up, or has reached manufacturer's recommended maximum weight, whichever comes first.

SUFFOCATION HAZARD – Infants can suffocate:

- In gaps between an extra pad and side of the bassinet / cradle.
- On soft bedding.

NEVER place a cushion or a pillow in this product. **NEVER** add a mattress, comforter, or padding. Use **ONLY** the pad provided by manufacturer.

Mattresses and padding should have a firm surface and fit snugly. Only use a mattress that is long and wide enough so that the gap between the mattress and the two sides forming one corner of the bassinet is not more than 3 cm (1 inch) when the mattress is pushed into the opposite corner of the bassinet.

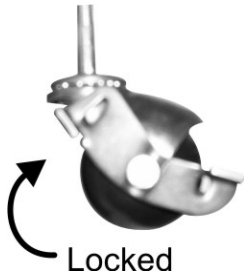

If a sheet is used with the pad, use only the one provided by the bassinet or cradle manufacturer or one specifically designed to fit the dimensions of the bassinet or cradle mattress.

Do not place cords, straps, decorative ribbons or similar items that could become wound around an infant's neck, in or near this product.

To reduce the risk of SIDS, pediatricians recommend healthy infants be placed on their backs to sleep, unless otherwise advised by your physician.

This product is intended for a child who is 3 months old or less, and who has a body mass of 10 kg (22lbs.) or less.

WHEN placing or taking out the child from the bassinet, it is important to lock all four casters to avoid accidents. See illustration below.

To lock the casters, rotate clockwise
To unlock casters, rotate counter clockwise
